PROFESSIONAL SUMMARY

Full stack developer and network manager, with about 8 years in technology — from N1–N3 support and infrastructure to intranet, internal systems and live products. End-to-end development with React, Next.js, TypeScript, Node.js, Express, PostgreSQL, Prisma, Python and C# / .NET, plus TCP/IP, BGP, OSPF, MPLS, SD-WAN and security (firewall, IDS/IPS, ZTNA). Experience with REST APIs, authentication (JWT, LDAP), Google Apps Script (Sheets and Drive), payments (Mercado Pago and PIX), desktop tools and generative AI as a development aid. Oriented toward shipping, availability and what reaches the person who uses it.
